Fact of the week

When you're reading - even silently - the muscles of your mouth, tongue and larynx activate. This process is called 'subvocalisation'. We're sounding out the words in our heads to decode them, even when we're not speaking out loud.

Quotation of the week

"The more that you read, the more things you will know, the more that you learn, the more places you'll go" Dr. Seuss

Word of the week

Immutable: not capable of or susceptible to change.

Study Tip of the week

Use the 'reminders' function on your iPad or set a series of alarms to remind you to both start *and* stop revising.

THE UN CONVENTION ON THE RIGHTS OF THE CHILD - 'RIGHT OF THE WEEK'

ARTICLE 38 (war and armed conflicts)

Governments must not allow children under the age of 15 to take part in war or join the armed forces. Governments must do everything they can to protect and care for children affected by war and armed conflicts.
